#### INDEPENDENT AUDITOR'S REPORT

Board of Commissioners Beauregard Parish Waterworks District No. 2 Singer, Louisiana

I have audited the accompanying financial statements of the business-type activities, of Beauregard Parish Waterworks District No. 2, a component unit of the Beauregard Parish Police Jury, DeRidder, Louisiana, as of and for the year ended December 31, 2009, which collectively comprise the district's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Beauregard Parish Waterworks District No. 2's management. My responsibility is to express opinions on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinions.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of Beauregard Parish Waterworks District No. 2, as of December 31, 2009, and the changes in financial position and cash flows, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, I have also issued my report dated May 28, 2010 on my consideration of Beauregard Parish Waterworks District No. 2's internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of my audit.

Beauregard Parish Waterworks District No. 2, a component unit of the Beauregard Parish Police Jury, DeRidder, Louisiana, has not presented management's discussion and analysis that accounting principles generally accepted in the United States has determined is necessary to supplement, although not required to be part of, the basic financial statements.

Board of Commissioners Beauregard Parish Waterworks District No. 2 Singer, Louisiana

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Beauregard Parish Waterworks District No. 2's basic financial statements. The schedules of per diem paid to board members, prior year audit findings, and current year audit findings and management's response are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedules of per diem paid to board members, prior year audit findings, and current year audit findings and management's response are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

DeRidder, Louisiana

#### INTRODUCTION

The Beauregard Parish Waterworks District No. 2 was created by the Beauregard Parish Police Jury under Louisiana Revised Statute 33:3811. The purpose of the water district is to provide water service to rural residents of the district. The governing body is composed of five compensated board members appointed by the Beauregard Parish Police Jury.

The district is located in central Beauregard Parish in the southwestern region of the State of Louisiana. The district provides rural water service to approximately 1,600 residents and employs approximately three employees.

The accounting and reporting policies of the Beauregard Parish Waterworks District No. 2 conform to generally accepted accounting principles as applicable to governments. Such accounting and reporting procedures also conform to the requirements of Louisiana Revised Statutes 24:517 and to the guides set forth in the Louisiana Municipal Audit and Accounting Guide, and to the industry audit guide, Audits of State and Local Governmental Units.

GASB Statement No. 14, *The Reporting Entity*, established criteria for determining the governmental reporting entity and component units that should be included within the reporting entity. Under provisions of this Statement, the Beauregard Parish Waterworks District No. 2 is considered a component unit of the Beauregard Parish Police Jury. As a component unit, the accompanying financial statements are included within the reporting of the primary government, either blended into those financial statements or separately reported as discrete component units.

# 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### A. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the nonfiduciary activities of the Beauregard Parish Waterworks District No. 2. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

# B. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The Beauregard Parish Waterworks District No. 2 reports the following proprietary fund:

The Proprietary Fund accounts for operations (a) where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges, or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Notes to the Financial Statements (Continued)

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in the proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The government has elected not to follow subsequent private-sector guidance.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Charges for services of providing water services to residents comprise the operating revenue of the district's enterprise fund. Operating expenses for enterprise funds include the cost of sales and services, administrative expense, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the entity's policy to use restricted resources first, and then unrestricted resources as they are needed.

#### C. Cash and Cash Equivalents

The district's cash is considered to be cash on hand, and demand deposits. Cash equivalents include amounts in time deposits and short-term investments with original maturities of three months or less from the date of acquisition. State law and the Beauregard Parish Waterworks District No. 2's investment policy allow the entity to invest in collateralized certificates of deposits, government backed securities, commercial paper, the state sponsored investment pool, and mutual funds consisting solely of government backed securities.

#### D. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

#### E. Restricted Assets

Certain proceeds of the Enterprise Fund revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because their use is limited by applicable bond convenants.

## F. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the business-type activities columns in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The district maintains a threshold level of \$5,000 or more for capitalizing capital assets.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. The total interest expense included during the current fiscal year was \$42,182. Of this amount none was included as part of the cost of capital assets under construction in connection with the district's construction projects.

Notes to the Financial Statements (Continued)

All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

<u>Description</u>	Estimated Lives
Distribution system	40-50 years
Buildings and building improvements	20-40 years
Furniture and fixtures	5-15 years
Machinery and equipment	3-15 years
Vehicles	5 years

#### G. Compensated Absences

The district has no formal leave policy and does not provide for the accumulation and vesting of leave.

#### H. Long Term Obligations

In the government-wide financial statements, and the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

#### I. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events within the control of the district, which are either unusual in nature or infrequent in occurrence. The district had no extraordinary or special items as of December 31, 2009.

#### J. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### K. Receivables and Payables

The district levies taxes on real and business personal property located within the boundaries of the district. Property taxes are levied by the district on property values assessed by the Beauregard Parish Tax Assessor and approved by the State of Louisiana Tax Commission. The Beauregard Parish Sheriff and Ex-Officio Tax Collector bills and collects property taxes for the district. Collections are remitted to the district monthly. The district recognizes property tax revenues when levied.

Property Tax Calendar		
Assessment date	January 1, 2009	
Levy date	June 30, 2009	
Tax bills mailed	October 15, 2009	
Total taxes are due	December 31, 2009	
Penalities & interest due	January 31, 2010	
Lien date	January 31, 2010	
Tax sale	May 15, 2010	

#### Notes to the Financial Statements (Continued)

Property tax receivables are shown net of an allowance for uncollectibles. Property taxes are collected and remitted by the local sheriff, if taxes are not paid, a sheriff's sale is held and the property is sold to satisfy the taxes due on that property. Due to this, the majority, if not all property taxes are collected, therefore no allowance account for uncollectibles has been established.

For the year ended December 31, 2009, taxes of 11.80 mills were levied on property with an assessed valuation totaling \$28,110,885 and were dedicated as follows:

	Authorized	Levied	Expiration
	Millage	Millage	Date
Taxes due for:			Renewed
General Maintenance	11.80	11.80	Annually

The following are principal taxpayers and related property tax revenue for the district:

	Type	Assessed	% of Total Assessed	 /alorem Tax venue for
Taxpayer	of Business	Valuation	Valuation	District
Meriwether Louisiana	Oil & Gas	\$ 1,790,221	6.37%	\$ 21,125
Trunkline Gas Company	Gas distribution	3,626,560	12.90%	42,793
Swift Energy	Oil & Gas	4,442,560	15.80%	52,422
Total		\$ 9,859,341	35.07%	\$ 116,340

#### 2. CASH AND CASH EQUIVALENTS

At December 31, 2009, the district has cash (book balances) totaling \$1,433,578 as follows:

Demand deposits	\$ 128,640
Money market accounts	565,294
Savings account	109,435
Interest bearing demand deposits	 630,209
Total	\$ 1,433,578

These deposits are stated at cost, which approximates market. Under state law, these deposits (or the resulting bank balances) must be secured by federal deposit insurance or the pledge of securities owned by the fiscal agent bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the fiscal agent. These securities are held in the name of the pledging fiscal agent bank in a holding or custodial bank that is mutually acceptable to both parties.

At December 31, 2009, the district has \$1,434,069 in deposits (collected bank balances). These deposits are secured from risk by \$628,640 of federal deposit insurance and \$805,429 of pledged securities held by the custodial bank in the name of the fiscal agent bank (GASB Category 3).

Even though the pledged securities are considered uncollateralized (Category 3) under the provisions of GASB Statement 3, R.S. 39:1229 imposes a statutory requirement on the custodial bank to advertise and sell the pledged securities within 10 days of being notified by the district that the fiscal agent has failed to pay deposited funds upon demand.

#### Notes to the Financial Statements (Continued)

## 3. RECEIVABLES

The receivables of \$338,143 at December 31, 2009, are as follows:

Class of receivable

Accounts \$ 45,448 Ad valorem taxes 292,695 Total \$ 338,143

## 4. CAPITAL ASSETS

Capital assets and depreciation activity as of and for the year ended December 31, 2009, for the primary government is as follows:

		eginning Balance	I	ncreases	Dec	reases		Ending Balance
Business-type activities:	_					· · · · ·

Machinery and equipment		160,734		13,989		-		174,723
Total accumulated depreciation		2,558,063		106,082		-	_	2,664,145
Total business-type assets being depreciated, net	\$	2,672,423	\$	(40,359)	\$	-	<u>\$</u>	2,632,064

#### 5. ACCOUNTS AND OTHER PAYABLES

The payables of \$52,543 at December 31, 2009, are as follows:

Accounts	\$ 39,571
Payroll taxes	2,877
Pension plan - ad valorem tax	 10,095
Total	\$ 52,543

Notes to the Financial Statements (Continued)

#### 6. RETIREMENT SYSTEMS

All employees of the district are members of the Federal Social Security System. The district contributes 7.65% of gross salaries up the appropriate statutory limits to that system. The Federal Social Security System administrates the plan and pays benefits.

#### 7. LONG-TERM OBLIGATIONS

The following is a summary of the long-term debt transactions of the district for the year ended December 31, 2009:

	Revenue Bonds_		
Bonds payable, January 1, 2009	\$	1,127,000	
Bonds retired		(105,000)	
Deferred amount on refunding		(20,090)	
Bond payable, December 31, 2009	\$	1,001,910	

The following is a summary of the current (due in one year or less) and the long-term (due in more than one year) portions of long-term obligations as of December 31, 2009:

	Revenue Bond		
Current portion	\$	112,000	
Long-term portion		910,000	
Total	\$	1,022,000	

Bonds payable at December 31, 2009 are comprised of the following individual issue:

#### Revenue refunding bonds:

\$1,058,000 Water Revenue Refunding Bonds, Series 2008, dated October 1, 2008, due in annual installments of \$36,000 to \$145,000 beginning April 1, 2009 through April 1, 2017; interest at 3.72%

<u>\$1,022,000</u>

The annual requirements to amortize all debt outstanding as of December 31, 2009 including interest payments of \$159,510 are as follows:

	Revenue B	onds	
Year Ending	Principal	Interest	Total
2010	112,000	35,932	147,932
2011	116,000	31,694	147,694
2012	120,000	27,305	147,305
2013	125,000	22,748	147,748

OTHER REPORTS

#### Schedule of Prior Year Audit Findings Year Ended December 31, 2009

Findings - Financial Statement Audit

Audit Finding No. 2008-1

Lack of Segregation of Duties

Finding:

The district has a lack of segregation of duties so that one individual does not handle a single transaction from its initiation to completion. The district does not have the financial resources to hire additional personnel to achieve proper segregation of duties. While this has been noted it is important for the district to be aware of this condition.

Date of initial occurrence- December 31, 2008

Corrective action taken- Yes

Schedule 3

Schedule of Current Year Audit Findings and Management's Response Year Ended December 31, 2009

There were no current year audit findings as of December 31, 2009.

REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Commissioners Beauregard Parish Waterworks District No. 2 Singer, Louisiana

I have audited the financial statements of the the business-type activities of Beauregard Parish Waterworks District No. 2, as of and for the year ended December 31, 2009, which collectively comprise Beauregard Parish Waterworks District No. 2's, basic financial statements and have issued my report thereon dated May 28, 2010. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

#### Internal Control Over Financial Reporting

In planning and performing my audit, I considered Beauregard Parish Waterworks District No. 2's internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Beauregard Parish Waterworks District No. 2's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of Beauregard Parish Waterworks District No. 2's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

My consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. I did not identify any deficiencies in internal control over financial reporting that I consider to be material weaknesses, as defined above.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether Beauregard Parish Waterworks District No. 2's, financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit and, accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Board of Commissioners Beauregard Parish Waterworks District No. 2 Singer, Louisiana
